

KS SERIES WATER SOFTENING SYSTEMS

Choose the perfect fit for your home

KS10

42,000 grains capacity
3/4" waterways

KS15

50,000 grains capacity
1" waterways

KS64

64,000 grains capacity
1" waterways

- Salt or (non-salt) potassium compatibility
- Smallest footprint (as small as 11" wide)
- Engineered with NEW HiFlow technology to meet high water demand in 99% of today's larger homes
- Ultrafresh™ rinses away stale water during periods of little water use

Additional Benefits of KS15 & KS64

- NextGen - Predictive Metering Technology™ adjusts for water trends by cleaning prior to heavy usage days and delays cleaning on lower usage days, saving money.
- Variable reserve maximizes salt and water efficiency
- Larger capacity = fewer regenerations = less salt and less water

NEW KS EVERSOF™ TWIN™

For households with peak water usage that takes place after work hours and on weekends.

PREMIUM PROCESSING

- Twin tanks provide continuous soft water; one tank is in use while the other cleans
- Half the wear and tear, twice the life expectancy
- 100,000 grain capacity, full 1" waterways
- Water softener
- Whole house filtration KrystalGuardPRO™

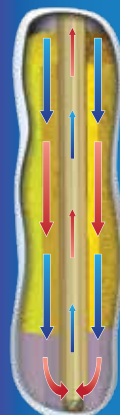

ENDLESS RESERVE™ TECHNOLOGY

*Each unit separately certified

Go Beyond Water Softening

KS Series Upgrade

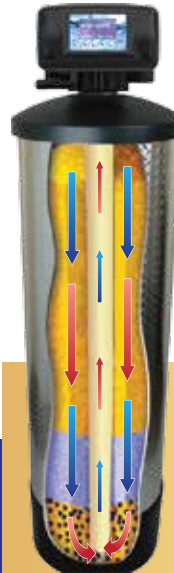

* By adding this NSF certified component to any softener, IAPMO certifications revert to NSF component certifications.

- Delivers clean, filtered water throughout your home. C&B
- Reduces odors
- Provides better baths and showers by reducing up to 99% of unwanted elements like chlorine. These elements can be absorbed through the skin and inhalation.

NEW NO-SALT WATER TREATMENT KC ELITE SYSTEM

The Krystal Pure's scale reduction alternative to traditional water softening

- Delivers clean, filtered water throughout your home including baths and showers. C
- Does not require salt or potassium.
- Reduces harmful scale such as lime, calcium and magnesium

- » Multiple stages of filtration protects appliances and fixtures
- » Enjoy whiter, brighter laundry
- » Skin and hair feel silky and soft
- » Simplified household cleaning. Reduce scrubbing & chemicals
- » Up to 7 years media lifespan (depending on water quality and usage) B
